

Ben Werner

Location: London Zone 1
Email: ben.werner01@gmail.com
Mobile Number: +44 7985 429255

Determined first-year computer science student eager to learn and contribute to the technology sector, with work experience from a London-based startup. Self-taught programmer since the age of 15, with strong knowledge of Python and JavaScript alongside familiarity with git and frameworks including React. Fully willing and capable of independently learning new languages and skills. Long-term goal of becoming a Full-Stack Developer.

Work Experience

Frontend Web-Development for “Soho Strategy” 08/18 – Present

- Built landing-page for a client website, including an email subscription form for client
- Gaining valuable experiences working alongside a team (collaborating in shared git repository, communicating on slack, etc.), and managing Client/Developer relationships

Webscraping Motorvehicle Auction History Database 27/06/17 – 05/09/17

- Using various algorithms, 10,000 webpage URLs were sought and extracted from multiple motorvehicle auction websites. Regular expressions were then used to parse vehicle information of each car lot webpage (sale price, car details, etc.), and compiled into a csv database for the London-based start-up “ValuVault”.
- Independently learnt about web-scraping, regular expressions and the Google Drive API

Education

Computer Science BSc (King’s College London) 17/09/18 – 04/06/21 (Ongoing)

International Baccalaureate Diploma 09/2016 – 12/05/2018

Total Points: 41/45

Maths Higher Level: 6/7	Physics Higher Level: 6/7	
English A Higher Level: 6/7	German B Higher Level: 7/7	
Geography Standard Level: 7/7	Film Standard Level: 7/7	Bonus Points: 2

Skills

Computer Science related:

- strongly familiar with Python, JavaScript (including node.js) and HTML/CSS
- familiar with Git, React, React Native, the Bootstrap 4 framework and Java
- participating in ongoing Native iOS, React Native and Machine Learning extra-curricular courses

Other:

- strongly familiar with Microsoft Office Suite
- familiar with Adobe Photoshop, Adobe Illustrator, InDesign and PremierePro
- fluent in German
